

Project Type: Renovation

Date of Completion: 2012

YAU MA TEI THEATRE

The Yau Ma Tei Theatre has been refurbished to provide a new look, and better working environment with better equipment configuration for Chinese Opera and Chinese Operatic Song performances.

With approx. 300 seats, the venue has been installed with up-to-dated lighting and audio systems for better services.

New installed equipment includes:

- LCD digital display at the foyer
- New designed carpet storage lift on stage
- New re-wired lighting and audio cables running from the stage to the control room.
- LED stage light fixtures, LED work light, LED blue light, LED music light and LED UV light
- Sound Acoustic Drapes and Cyclorama on roller
- Motorized scenery and lighting bars
- Eng/Chi synchronized LED surtitle display

Media matrix system supported by SymNet Digital Signal Processor allowing full audio system back up of the whole theatre.

- GPS synchronized digital clocks installed at stage, FOH, SM desk and control room
- Induction Loop system installed at the entire theatre
